Once upon a time, in an enchanted woodland, where all animals lived happily and peacefully, lived the most beautiful creature of all, the well-known Mr. Peacock, along with his wife and kids, who dwelled the loveliest house in the territory.

One day, as Mr. Peacock was out looking for food to feed the family, the lion attacked him!

Mr. Peacock tried to flee and was taken by surprise when the wolf showed up and stormed the lion!

The peacock venerated the wolf's actions and wanted to show his gratitude for it, but when he did, the wolf was already gone!
